Charity Spotlight

**International Friendship for Development
Lalle, Uganda**

The International Friendship of Development (IFD) assists a Primary School in Lalle in Soroti district far from the capital city Kampala (370Km). Since IFD started assisting the school enrollment has shot up from 180 children ten years ago to 1,020 children in 2008. All these children attend school daily and stay for the entire day without food or water. Our donation will finance the construction of a school kitchen with the necessary utensils to prepare meals for the pupils.
